## General Information

**Parking:** Players can use non-reserved places in the parking lot or find appropriate nearby street parking.

**Entrance:** Players can use the main entrance of the school on the East side of the building.

### **Gym Location:**

The gym is located nearly straight ahead from the main entrance. On the right-hand side there are 3 sets of double doors that are the entrance to the gym.

### **Change room/Washroom:**

There are washrooms located on the right-hand side hall outside of the gym.

## Equipment

### **Sport Specific Equipment Location and details:**

**Equipment room:** The equipment room is along the right-hand wall near the corner of the gym.

### **Badminton:**

Badminton nets are in the equipment room on the left-hand shelf. They are in a clear bin with a red lid that has CSSC decals.

The posts are in the same equipment room, tucked along the right-hand side.

## Gym Set-up

### **Badminton:**

The school has said they will pop the post hole covers, and leave the nets, and posts out for our user group to set up. We are asked to track down a caretaker if assistance is required.

The posts do not all have two butterfly hooks for attaching nets. Use the post that do have two sets of hooks in the middle courts. Twist post to tighten tension on nets if the tying alone will not achieve appropriate tension.

## Important Notes

If you need a caretaker, they have an office across the atrium from the gym. If there is no one present in the office, you may look for one of the cleaning carts to track down their location within the school.
