Equipment

Sport Specific Equipment Location and details:

Posts: There are 4 new royal blue short badminton posts in the gym storage room just inside the door. 2 of the posts have 2 d-rings at the top of the post. These two posts will go outside the middle courts. The remaining 2 posts have only 1 d-ring at the top. These two posts go on the outside of each outer court. For the outer court posts, please ensure that the d-ring is facing the wall and or the stage.

Postholes: Use the postholes located 2 feet outside of each court.

Court Lines: Lines are green all around. All 3 courts are regulation size (20' x 44')

Nets: The CSSC owns the nets. They are located on the wooden shelf in a beige bin to the right in the equipment room. The nets are labelled on the white tape, "Property of the CSSC".

Gym Set-up

Badminton

Step 1: All three nets are set to the same length with a loop and white hockey tape at both top ends. Hang the first net over the top of the post and let the loop from the net rest on top of the d-ring.

Step 2: Hang the other end of the net over top the other post with the loop from the net resting on the top of the d-ring.

Step 3: Twist either post if the net needs to be tighter.

Step 4: Repeat step one with the other 2 courts.

Nets:

Nets are stored in the PE Storage room on the far side of the stage. This equipment room is always locked and will need a caretaker to open.

Inside the storage room nets are located immediately to the right, under some shelving. You may need to move some things around to get at them as this space is small.

Please put back everything the way it was, to limit leaving this space messy.

Court Lines:

Court lines are green all around, and are the badminton courts.

Important Notes

- Please place the equipment in the same location as found at the end of each night.
