General Information

Parking: Park in the main parking lot that is located on the southside of the building.

Entrance: There are two main entrances for the leisure centre. As you approach the southside of the building, you will want to access the door on the left. The door on the right is for access to the arena.

Gym Location: As you enter the facility, proceed to the main desk which will be straight ahead. Mention you are here for a CSSC booking and they will grant you access. Follow the hallway and the gym will be on the right-hand side. This is a large gym that is split into two. Unless otherwise specified, we will always use the North gym which is the furthest from the entrance on the other side of the curtain.

Change room/Washroom: Change rooms and bathrooms are available and are located on the left as you gain entry. There are also some washrooms on the right as you approach the gym.

Equipment

Sport Specific Equipment Location and details: Southland Leisure Centre will take care of the set-up for bookings. GC/ECs are responsible for bringing balls, racquets, etc.

Important Notes

There is staff on site if any issues come up throughout the evening (ex: ice needed for an injury).
