General Information

Parking: You can park in any of the lots at the school, of which there are three.

Entrance: Use the main entrance on the North East side of the school.

Gym Location: The gym is located straight ahead once you've entered the school via the main entrance.

Change room/Washroom:

There are changing rooms with washrooms located inside the gym.

If these are locked, there are washrooms down the hallway left of the gym entrance.

Equipment

Sport Specific Equipment Location and details:

We will use the school's nets and posts (please treat them very kindly and DO NOT overtighten the nets).

The nests and posts are stored in the equipment room pictured in Photo #1. This room is at the far end of the gym on the left-hand side.

Please return everything used **EXACTLY AS IT WAS** at the end of the night.

Gym Set-up

Step 1: Choose one post that cranks the bottom of the net and one that cranks the top of the net, from among the 4 posts.

Step 2: Adjust the metal sleeve and pin on each post to the 2nd hole from the top.

Step 3: Attach the loop on the net to the top loop on one post. Attach the loop on the other side of the net to the s-hook on the strap on the other post.

Step 4: Attach the bottom of the net in the same way, but the hooks and crank wheels are on the opposite sides.

Step 5: Tighten the net by cranking the rope on each post.

Important Notes

- Please be very respectful of this space and their equipment. The school is new, and we should ensure that it looks that way as long as possible.
- If you need any help, there is a caretakers office down the righthand hallway. The first connecting hallway on the right, has a shipping bay entrance, which is where the caretakers office is. This is picture in Photo #2.
