Equipment

Sport Specific Equipment Location and details: The volleyball nets and posts are located in the storage room on the North West wall. The nets will be hung on the storage room wall with the poles beneath them. Ensure you have one post with a crank box pulley on the top and one post without the crank. For height, use the highest holes on each of the posts.

Gym Set-up

Volleyball

Step 1: Choose one post with a pulley on the bottom and one post with a pulley on the top. Place into the holes on opposite sides of each court.

Step 2: The net height is adjustable on each post with a pin – **use the highest hole on each of the posts** by pulling out the pin, sliding the sleeve and replacing the pin.

Step 3: Thread the rope from the net over the pulley, towards the crank and attach. Attach net to opposite post by threading rope over the pulley and placing loop over hook.

Step 4: Attach the bottom of the nets to the posts with the ratchet strap by looping the strap around the post and back into the ratchet, tighten slightly.

Step 5: Tighten the net on the top of the net using the crank wheel. Do NOT over-tighten.

Step 6: Repeat these steps for the second court

Basketball

Court Lines: The basketball hoops can be lowered by the custodian. If not lowered the hoop tool is in the storage room. For basketball use the black lines. This gym does have a three point line.
