## Gym Set-up

### Volleyball

**Step 1:** Take a post that cranks on the top and one that cranks on the bottom and insert them in the post holes. (They have 3 courts in this gym (**only 2 are available to rent**) and 2 of the posts have 2 cranks, those are the posts that set up the middle court ESSC only uses 2 courts)

**Step 2:** Insert the posts into the outer post holes and adjust the post height to the top hole.

**Step 3:** Clip the top of the nets to the rope and carabiners. One side of the net will clip to the post. On the other side run the wire through the pulley and clip to the crank rope.

**Step 4:** Use the crank to tighten the top of the volleyball nets.

**Step 5:** Repeat this setup for the other court.

### Basketball

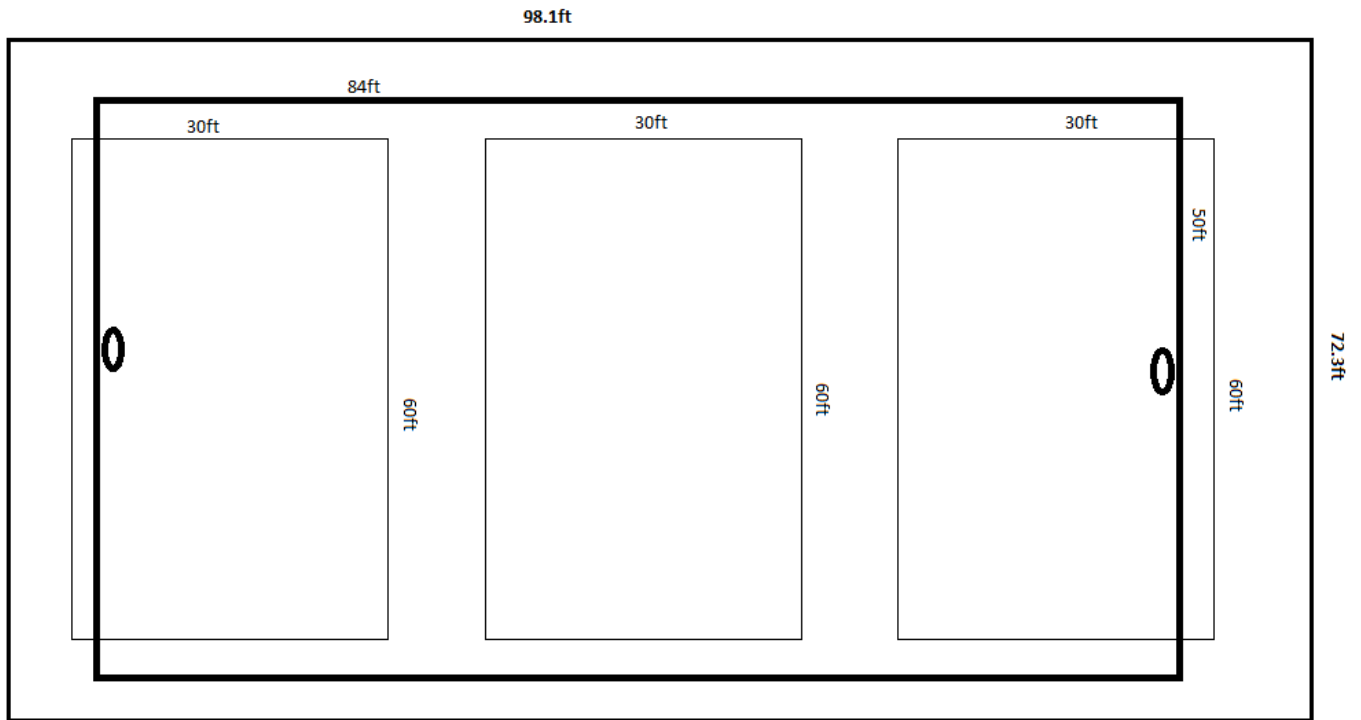

**Court Lines:** The basketball hoops can be lowered by the custodian (switch in the phys-ed office). Use the black/green boundary lines.

**Player Benches:** Players can use the stage as player benches. Please do not full out the bleachers.
