Step 2: The net height is adjustable on each post – set it so that 5 holes are showing by sliding the sleeve and replacing the pin.

Step 3: Thread the rope from the net over the pulley, towards the crank and attach. Attach net to opposite post by threading rope over the pulley and placing loop over hook.

Step 4: Attach the bottom of the nets to the bottom of the posts.

Step 5: Tighten the net on the top of the net using the crank wheel. Do NOT over-tighten.
