Badminton setup

## General Information

**Parking:** Players can park in the school lot off Savaryn Dr. This is on the Southeast side of the school.

**Entrance:** Players should enter from the main entrance on the South side of the building on the West side of the parking lot. There is a black/silver doorbell to ring on the right of the main door if they're locked. Players should leave outdoor footwear at the entrance.

**Gym Location:** Inside the school entrance the gym is directly ahead, through the double doors.

**Changeroom/Washroom:** The locker rooms are located in the main gym. If players do not use these locker rooms, they are to use those to the left of the gym when you enter the main doors of the facility.

**Floor:** There is a micro-fibre broom in the equipment room that can be used to clear dust and debris. Use pin-stripe blue lines for volleyball, and white for badminton.

## Equipment

**Sport Specific Equipment Location and details:** Volleyball nets are located along the wall and poles are stored in the equipment room in the Northeast corner of the gym. The posts will not fit properly into these holes or the holes in the gym without the metal sleeve. Ensure the sleeve is in the post holes before putting posts into the floor.

## Gym Set-up

### Volleyball

**Step 1:** There are four posts, take out two posts one with a top crank and one with a bottom. Ensure you bring sleeves with the posts.

**Step 2:** Place the sleeves into the holes followed by the posts. Detach the removable link from the chain link with blue tape and attach onto the chain link with green tape.

**Step 3:** Clip the removable link (attached to the link with the green tape) onto the triangular metal piece on the pole. This adjusts the length of the chain.

**Step 4:** Attach the net to the S hook at the end of the chain.

**Step 5:** Do not attach the cable loop on the net to the removable link. The S hook is meant to be attached to the cable loop.

**Step 6:** Repeat steps 2-5 with the opposite court.

## Badminton

**Step 1:** Remove post hole covers and insert the poles into the post holes. 4 posts in total. Ensure you have the post sleeves in the holes.

**Step 2:** Thread the string on the top of the net through the hole on the top of the pole, then wrap the string onto the hook on the middle of the pole.

**Step 3:** Thread the string on the bottom of the net through the hole on the center of the pole, then wrap the string around the pole and tie the string onto the hook slightly above this hole.

**Step 4:** Turn the poles to tighten the nets.

## Basketball

**Court Lines:** Black thick black lines around the court and thin black line for the 3-pt line.

**Player Benches:** Players can sit on the large benches against any wall, outside of the area of play. The benches are in the small gym beside the storage room. Please make sure to put these back when the evening is done.

This gym has a break away rim but a composite backboard.

## Set-up Diagram

## Important Notes

Please make sure to hang the nets up neatly along the wall.
