Equipment

Sport Specific Equipment Location and details: Solid blue lines are double opponent volleyball lines. Volleyball poles are found under the stage in the fourth compartment furthest from the gym entrance. The nets are on the stage hanging on the back wall. There is a shared centre post for volleyball labelled with a side for the stage and a side for the north wall. The nets and poles are coded with colored tape. Blue tape on the nets connect to the centre pole while green (Stage) and yellow (North Wall) connect to the respective outside pole. See pictures under “Important Notes” for color coding on poles.
