Gym Set-up

Badminton

Step 1: Take all pieces out of the black bags. Each piece is numbered; lay them out in chronological order.

Step 2: Connect yellow post to make a long bar, with the 'T' at the bottom.

Step 3: Connect all black poles with the angled pieces on both sides.

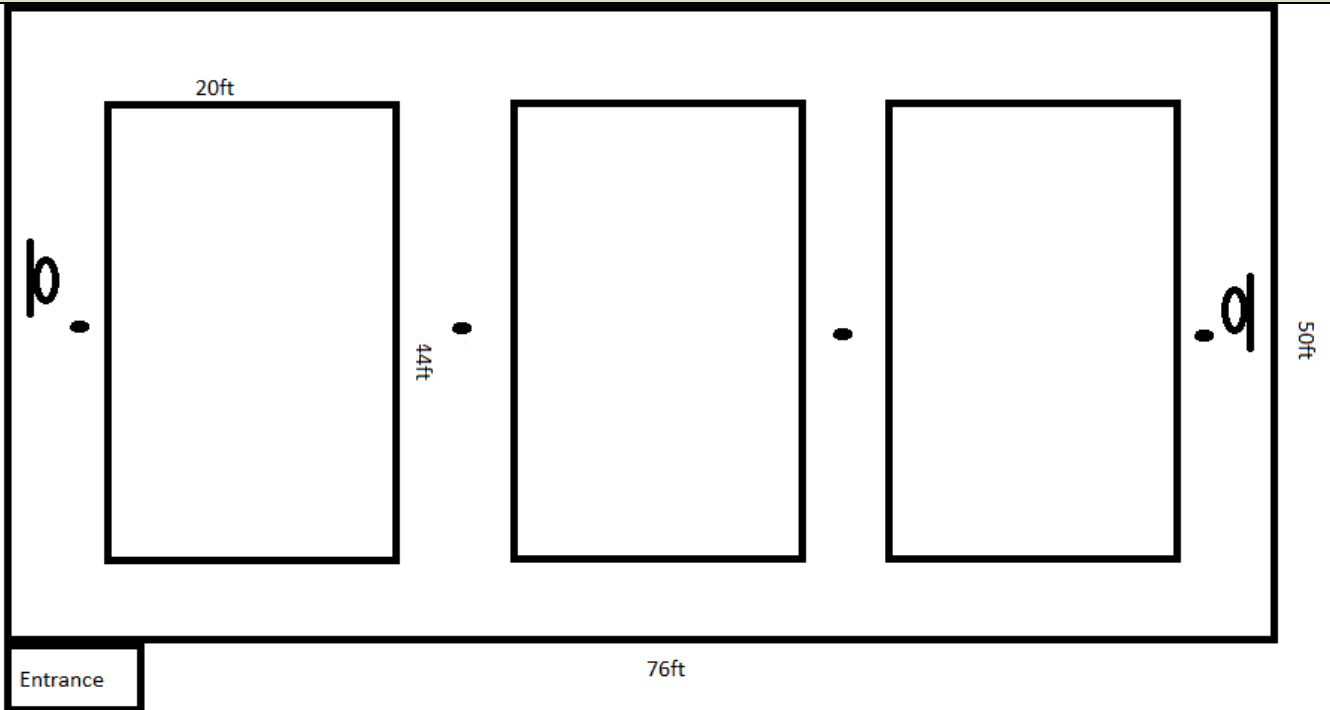

Step 4: The black 'T' should go right in the middle, acting as a stabilizer. If either of the yellow poles lift off the ground, the black T should be adjusted.

Step 5: Slide each side of the net onto the yellow poles and put into position.
